

*A More Intimate Setting For
Your Banquet, Rehearsal,
Seminar or Business Meeting*

FOR MORE THAN 90 YEARS, The Muny has been one of St. Louis' most cherished settings for great performances. Now, you and your guests can enjoy making memories in the same studios where top Broadway actors rehearse every summer! Constructed in 2007, this beautiful, two-story facility is backstage, in the heart of the Muny's back lot. It's ideally suited for corporate events, luncheons, seminars and small indoor receptions, or for use as your wedding day preparation room. It's also a fully functional studio space, perfect for dance or show rehearsals, video production or recitals.

The Muny's unique spaces are located in beautiful Forest Park. They also offer the ultimate in flexibility by allowing you to select the caterer and create the room arrangement that best fulfills your needs. They're distinctive, they're dramatic, and they'll help you create an event as distinguished and iconic as The Muny itself.

ORTHWEIN HALL STUDIOS

- Fully climate-controlled
- Professional sprung-wood floors suitable for dance, plus full-length mirrors (which can be covered if required)
- Easy delivery access
- Fully accessible with an elevator and with restrooms on each level
- Free parking in front of the theatre, on streets and in nearby lots
- Available September through May (Please talk with your Muny representative about the availability of specific dates.)

IMPORTANT INFORMATION

- Only Muny-approved caterers may be utilized for events at The Muny.
- Alcoholic beverage service must be arranged through The Muny. Beverage service is based on a 5-hour event with the last 1/2 hour being non-alcoholic beverages.
- Room arrangement is the responsibility of the event host, but the renting of tables, chairs, linens and serveware is not included and must be arranged separately through a Muny-approved vendor.
- Smoking and/or open flames (other than for chafing dishes) are not allowed inside the facility.
- In accordance with existing Muny contracts, union labor must be used for set-up, operation and takedown of sound systems and lighting systems, staging, draping and flags/banners.
